

ACH115AU | Targus 7-Port Powered USB 2.0 Hub

The Targus 7-Port Hub is a convenient and compact way to use more USB ports than your computer has available. The hub is USB powered giving you the ability to connect up to seven electronic devices to your laptop all at once. For the high powered devices, such as an external hard drive, there is an AC adapter included. The design of the 7-Port Hub is compact making it possible to take it along with you anywhere you go.

Laptop powered, AC adapter included for high powered devices

A compact design makes it easy to transport anywhere

Designed to work with PC, Mac and Netbook computers
